PRE-ASSEMBLY PREPARATION

Before you start:

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product
2. Take care when lifting. Product should be assembled as near as possible to the point of use
3. Ensure that you have all required contents for complete assembly
4. Always read the assembly instructions carefully before beginning assembly
5. Keep all hardware parts and packaging out of reach of small children
6. Do not over tighten the screws and bolts as this may damage the threads
7. Do not use a knife when opening
8. Read carefully all electrical safety usage warning
9. Please battery back up advice is followed

WARNING

Do Not allow children to play on this mechanised furniture or operate the mechanism. Leg rest folds down on closing so that a child could possibly be injured. Always leave in an upright and closed position. Keep hands and feet clear of mechanism. Only the occupant should operate it.

PARTS LIST

①		Back	1pc
②		Seat	1pc
③		Power plug	1pc
④		Power Adapter	1pc
⑤		Cconnector wire	1pc

You may need a screwdriver to remove back of recliner

④ Part is transformer and battery back up (batteries not included) in case of power outage

Caution! Do not allow children to play on motion furniture or operate the mechanisms, Serious injury or death may result. Leg rest folds down upon closing potentially causing crushing, pinching or severing of limbs, The furniture may be unstable in its extended position. If unattended always leave in an upright and closed position. Only adults should operate this mechanism. Always keep hands and feet clear of the mechanism.

STEP 1: Attach back ① to seat ② by placing bracket B into sleeve A and press down firmly to lock retaining clip into place. listen for the clip to pop into place securely.

STEP 2: Connect wire

Warning – Place transformer with battery back up well away from mechanism base.

STEP 3: The function display after power on is shown in the following figure.

ASSEMBLY IS COMPLETE

Back-up Power Option: This electric lift chair has been equipped with a Safety Battery Back-up Option. This battery back-up function is important to use when the electricity supply stops (power outage). Please ensure you place 2 X 9 volt batteries into the transformer piece during assembly.

The battery back-up will deliver enough power to return the lift chair back to the beginning position – please note that the batteries will only provide enough power for ONE MOTION back to the original position and is not for continued use. This is to ensure you are able to get out of chair safely in the event of a power outage.

Please ensure to replace the batteries after each power outage event and use with the battery motion.

Safety Note: Transformer and cables are not to be placed under or within the recliner structure.

READ THESE INSTRUCTIONS THOROUGHLY BEFORE USE:

DANGER: TO REDUCE THE RISK OF ELECTRIC SHOCK:

Always unplug from electric outlet before cleaning.

Always place transformer well away from recliner mechanism base.

WARNING: RISK OF INJURY

Keep children away from extended footrest and any moving parts.

CAUTION: Do not allow children to play on this electric recliner or operate the powered mechanism.

The leg rest folds when closing and could possibly cause injury to a child.

Always leave the recliner in an upright and closed position when not in use.

Keep hands and feet clear of mechanism. Only the occupant should operate it. Keep pets away from underside of recliner.

POWER CORD SAFETY

WARNING: Unplug and remove power cord from wall when not in use and store out of reach of children.

Take care when moving recliner that wall and transformer cords are not under the base or they may get damaged.

NEVER OPERATE ELECTRIC RECLINER IF IT HAS A DAMAGED CORD OR PLUG.

WARNING: TO REDUCE RISK OF BURNS, FIRE, ELECTRIC SHOCK OR PERSONAL INJURY TO

PERSONS:

- Use only for its intended purpose.
- Never press or activate control switch if you are not seated in recliner.
- Only the occupant should activate the control switch.
- Never operate with more than one person occupying seat.
- Never sit or stand on the footrest.

BACK ASSEMBLY INSTRUCTIONS RECLINER/MOTION UPHOLSTERY

CAUTION: PLEASE READ ALL INSTRUCTIONS CAREFULLY BEFORE STARTING THE ASSEMBLY PROCESS
IT IS RECOMMENDED TO USE TWO PEOPLE WHEN ASSEMBLING AND REMOVING THE INSIDE BACKS TO AND FROM THE BASE OF THE FURNITURE

- STEP1:** Slide inside back receivers into the steel mechanism posts in the base of the furniture (Figure A).
- STEP2:** Press both sides of the inside back firmly into place. The inside back automatically locks in place.
- STEP3:** To remove the inside backs, use a screwdriver pressing outward on the black tab in the metal sleeve (Figure B) on both sides of the inside back and lift the inside back from the base of the furniture.

Electric Lift Recliner Warning

READ THESE INSTRUCTIONS THOROUGHLY BEFORE USE:

DANGER: TO REDUCE THE RISK OF ELECTRIC SHOCK:

Always unplug from electric outlet before cleaning.
