KRUEGER

SOFA TABLE

ITEM CODE 716580001

Imported by JWA Furniture Pty Ltd, Qld, Brisbane Australia.
For any assistance with assembly or for missing parts please refer to your receipt

PRE-ASSEMBLY PREPARATION

Before you start:

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product
2. Take care when lifting. Product should be assembled as near as possible to the point of use
3. Ensure that you have all required contents for complete assembly
4. Always read the assembly instructions carefully before beginning assembly.
5. Keep all hardware parts and packaging out of reach of small children.
6. Do not over tighten the screws and bolts as this may damage the threads
7. Assembly is to be carried out by a competent adult(s) ONLY
8. During assembly, children should be kept away from the product due to possible risk to injury.
9. Do not use this item if any components are missing or damaged.
10. Please keep the instructions for future reference.

		
Allow 15 min	For 1 person	Additional tool required

TIPPING WARNING

Serious or fatal injuries may occur from furniture toppling over. To help avoid this please follow the below recommendations:

- Install the provided "Tipping Kit" as per the instructions
- Never allow children to climb on or hang off of any part of this product
- Unless specifically designed to accommodate, do not set TVs or other heavy objects on top of this product

If this product has drawers:

- Place the heaviest items in lowest drawers
- Do not open more than 1 drawer at a time as this may cause the product to become unbalanced
- Do not tamper with or remove any drawer interlocking/running system

Note: The use of the provided "Tipping Kit" may reduce but not necessarily eliminate the risk of furniture toppling over. Please use this product with caution.

This is a permanent label. Do not attempt to remove!

PARTS LIST

	A	M6X12MM	BOLT	4 PCS
	B		HEX KEY	1 PC
	F	M8X10MM	BOLT	4 PCS

1	Top Panel x1
2	Left Side Frame x1
3	Right Side Frame x1
4	Bottom Bar x1

STEP 1:

- Prepare a surface with a protective blanket or cardboard.
- Connect left side frame(2) and right side frame(3) to bottom bar(4).
- Secure with bolt(F) per connection. Fasten with allen key(B).
- Fasten only until the bolt is tight in the thread, do not fully fasten for now.

STEP 2:

- Place the top panel(1) flat on the surface and connect assembly as shown.
- Secure with bolt(A) per connection. Fasten with allen key(B).
- Once levelled turn the table back on its side and fasten all the bolts.

ASSEMBLY IS COMPLETE

SAFETY BRACKETS INSTRUCTIONS

1. Attach one Mounting Plate to the wall with the Large Screws. Make sure to attach the Mounting Plate into a stud. If mounting into brick or masonry you will need to acquire wall anchors.
2. Attach the second Mounting Plate to the furniture frame with the Short Screws.
3. Move the furniture to its final position. Thread a Wall Strap through the both Mounting Plates and tighten until snug. Do not over tighten.
4. Make sure that the Mounting Plates are firmly attached to the wall and furniture and that the Wall Strap is snug.

PRODUCT CARE:

As our timber is supplied from sustainable forests there will be natural variations in surface texture and grain like knots, mineral streaks and sap runs that may affect the finish. These differences in character are not defects, but distinctions that make each piece of furniture unique. Our furniture is built to last. Following these steps for basic care should protect your investment for years to come.

- Dust frequently with a clean damp lint-free cloth. This will help remove abrasive build up which can damage a finish over time
- Do not place hot objects on any furniture surface. Always use a hot plate or placemat. Laminate and lacquer finishes on table tops provide added scratch and heat resistance to our furniture, but they can still be damaged without proper care
- Avoid exposing your furniture to strong sunlight, heat outlet, open windows or dampness. Prolonged exposure to direct sunlight can fade the finish of your furniture, while extreme temperature and humidity changes can cause cracking or splitting
- Do not expose your furniture to any liquids. Never allow water to sit on your furniture. Alcohol, nail polish and perfume are also dangerous as they will dissolve the lacquer finish on contact and may require professional repairs
- Do not allow plastic to come in direct contact with your furniture. Chemicals in the plastic of placemats etc. may soften and mark the finish if left in contact with the furniture for a period of time
