## **IMPORTANT: CARE GUIDE FOR YOUR TIMBER FURNITURE**

*Congratulations! You have just purchased a quality product from Amart Furniture. Please read on for important information regarding your purchase...*

A multi-step finish is applied to all our furniture, but all wood comes from nature. Because of this, there will be natural variations in surface texture and grain like knots, mineral streaks and sap runs that may affect the finish.

These differences in character are not defects, but distinctions that make each piece of furniture unique.

Our furniture is built to last. Following these steps for basic care should protect your investment for years to come.
