## PRE-ASSEMBLY PREPARATION

### Before you start:

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product
2. Take care when lifting. Product should be assembled as near as possible to the point of use
3. Ensure that you have all required contents for complete assembly
4. Always read the assembly instructions carefully before beginning assembly.
5. Keep all hardware parts and packaging out of reach of small children.
6. Do not over tighten the screws and bolts as this may damage the threads

# PARTS LIST

A

B

A	SEAT
B	LEG

C. BOLT M6X30MM  4PCS	D. M6X17MM  4PCS	E. ALLENKEY  1PCS
--	---	--

## Step 1

Flip the chair seat (A) and take out the 4 lids.

## Step 2

Align the 4 holes of the metal legs (B) to the 4 holes on chair seat (A), secure them with Allen key (E), bolt (C) and gaskets (D)

Assembly is complete

# Care and maintenance

## **Regular Care:**

- Always protect your product from direct sunlight, direct heat, and weather. Vacuum regularly using a low suction setting.

## **Cleaning:**

- Do not remove cushion covers for separate cleaning even though they may have zips. Do not wash. Do not dry clean. Do not use dishwashing or laundry detergents or solvents. Do not wet the internal filling.
- It is recommended that cleaning be done with a hot water extraction machine only by a professional cleaner.

## **Spot cleaning:**

- Do not rub or scrub. Do not spot clean with any solvent.
- Treat spills and stains as soon as possible.
- Gently scrape any soil or mop and liquid from the surface of the fabric.
- Apply proprietary cleaning agents to the residue of the spill, strictly according to the manufacturer's instructions.
- Do not saturate the fabric or interior filling with water or other cleaning liquids.

## **Important note:**

- Apply only water-based soil resistant (fabric protection) treatments.
- Do not use aerosol fabric protection products.
- Clean timber legs with a clean, soft cloth dampened with water.
