## **CARE AND MAINTENANCE**

**To protect your furniture, we suggest the following :**

- Avoid placing your furniture in direct sunlight.
- Do not place furniture directly under window.
- Do not place sharp materials (knife, fork, etc.) directly onto your furniture as sharp material may scrape and damage the finish.
- Do not place material with high temperature directly onto the surface of your furniture.
- Clean up spills quickly. Water left over a prolonged period of time may cause damage. Alcohol, perfume, nail polishes, aftershave and some medication may cause server finish damage if not cleaned immediately.
- Use a clean, soft, dry, lint free absorbent cloth to clean your furniture. Do not use any detergent as they may contain ingredients that may react and damage the finish.

**NOTE: If the above care advise is not adhered to your product warranty may become void.**
