JCBC BOLT (M6 x 35MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">2 PCS</p>
<p>D. JCBC BOLT (M6 x 70MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">8 PCS</p>	<p>E. JCBC BOLT (M6 x 100MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">8 PCS</p>	<p>F. JCN NUT (M6 x 12MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">2 PCS</p>
<p>G. JRN NUT (M6 x 13MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">16 PCS</p>	<p>H. JCBC W SCREW (M7 x 32MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">8 PCS</p>	<p>J. CSK C/B SCREW (M3.5 x 16MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">10 PCS</p>
<p>K. CSK C/B SCREW (M4 x 32MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">24 PCS</p>	<p>L. 944 BED BRACKET</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">2 PCS</p>	<p>M. ALLEN KEY (M4 x 60MM)</p> <div style="text-align: center; margin: 10px 0;">  </div> <p style="text-align: right;">2 PCS</p>

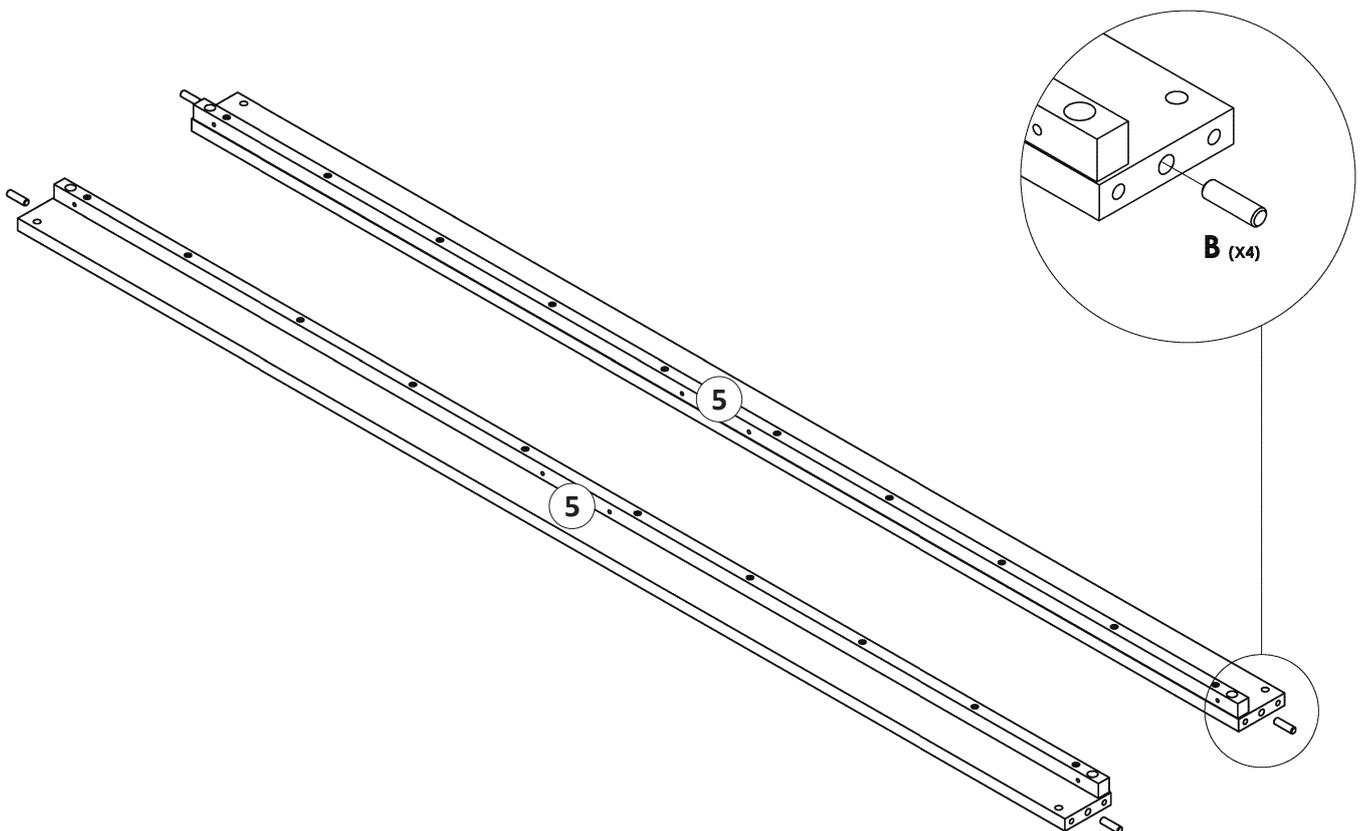

STEP 1

Insert **Dowels (A)** into $\varnothing 8\text{MM}$ holes on **Headboard** and **Footboard** by using a Rubber Hammer.

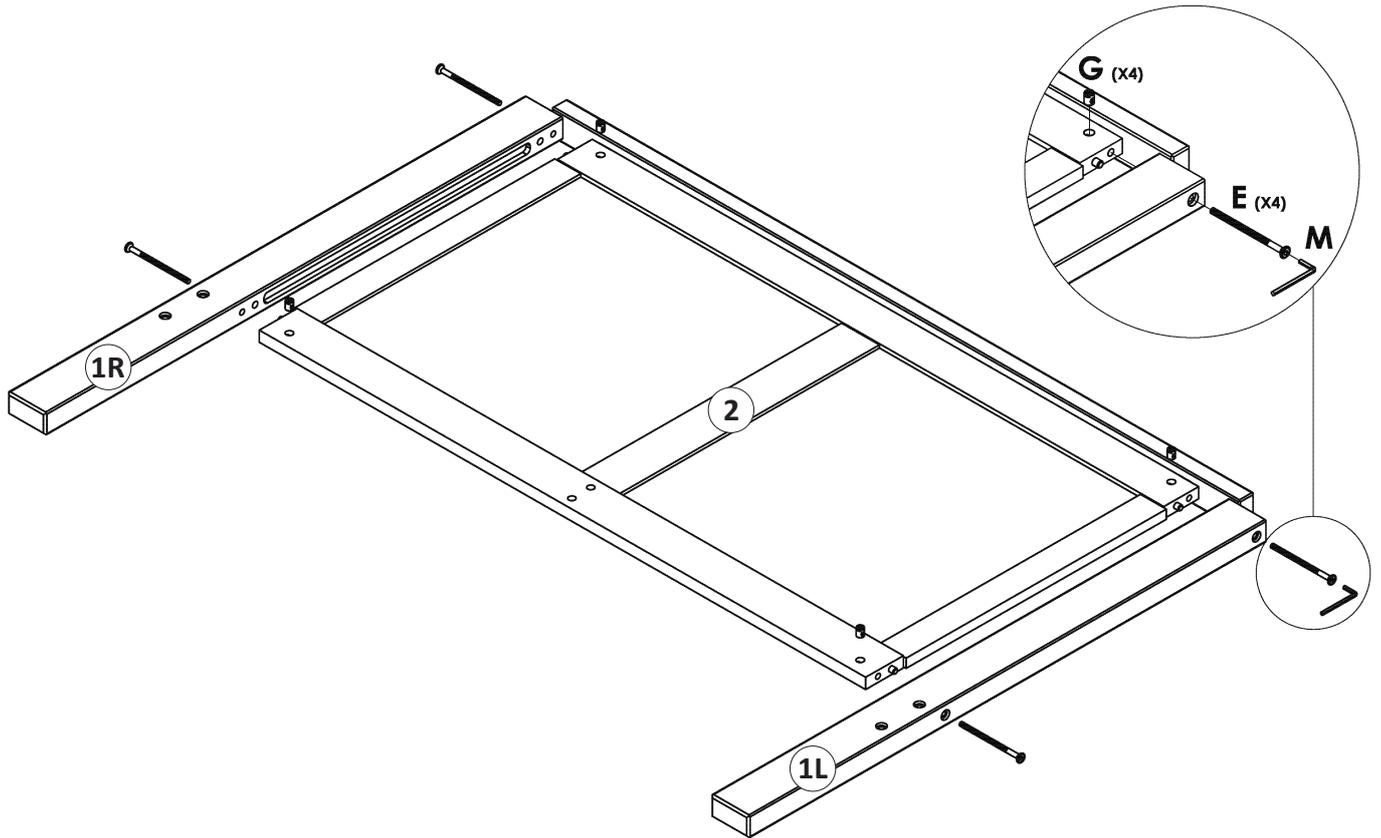

STEP 2

Insert **Dowels (B)** into $\varnothing 10\text{MM}$ holes on **Siderails** by using a Rubber Hammer.

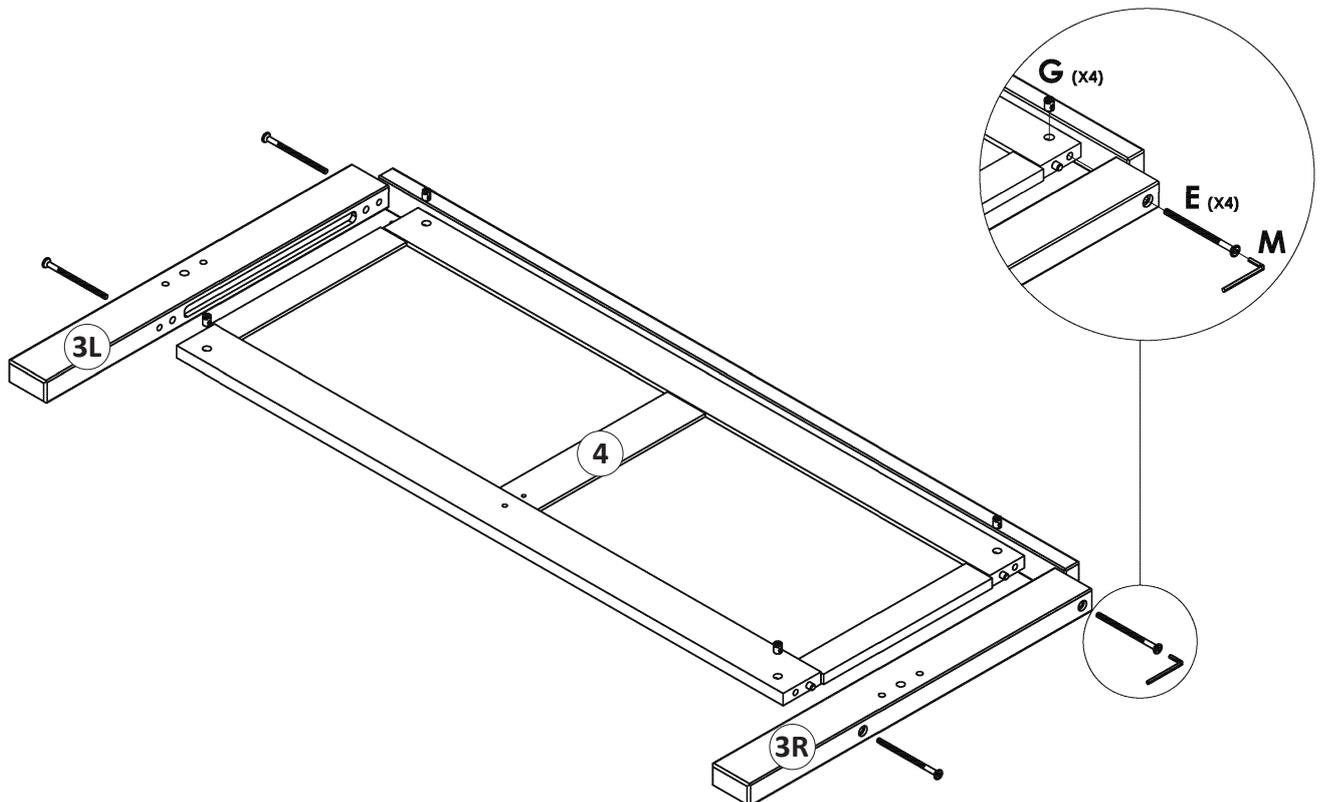

STEP 3

Attach Headboard Post (L/R) onto Headboard by using Bolts (E) & Nuts (G), tighten it up by using Allen Key (M).

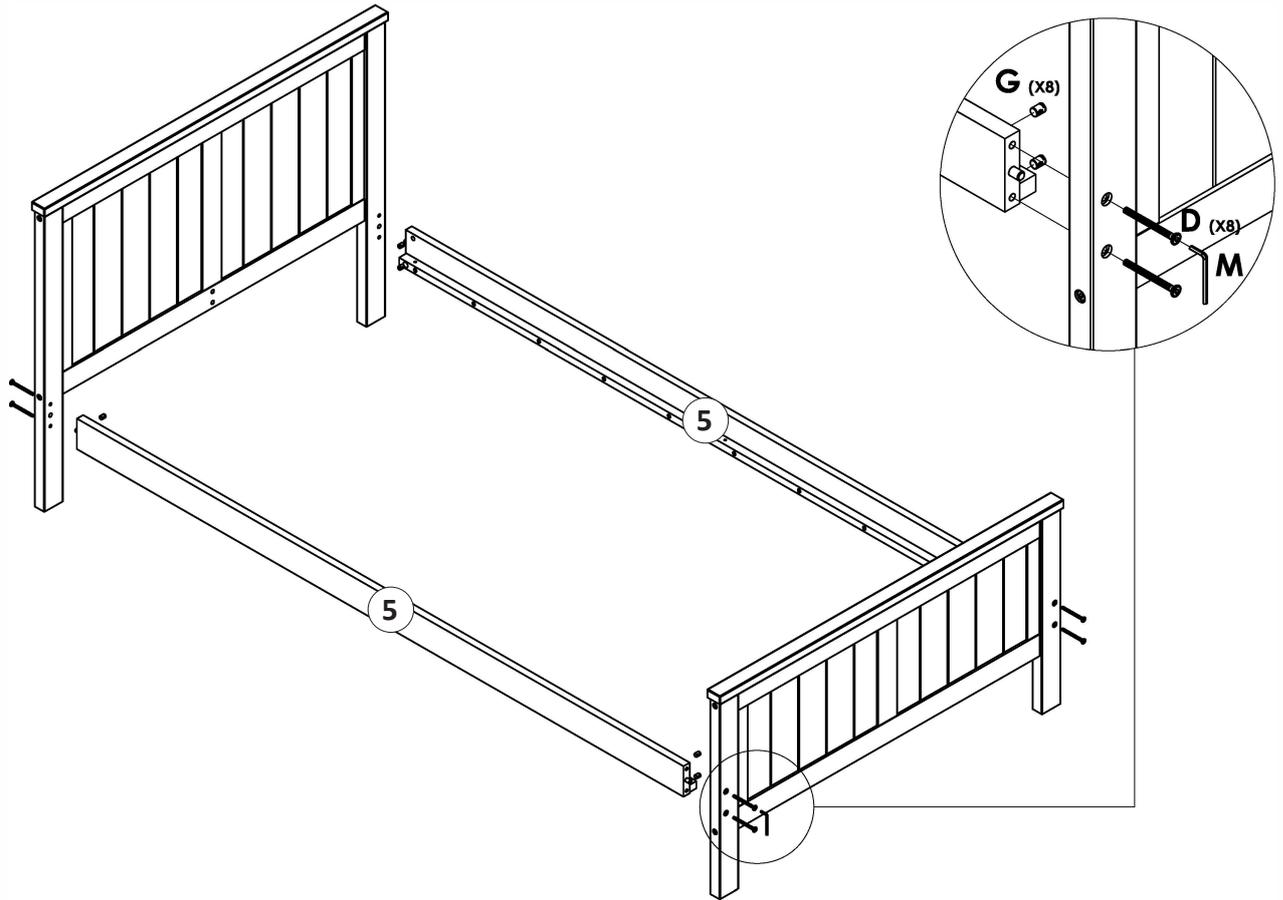

STEP 4

Attach Footboard Post (L/R) onto Footboard by using Bolts (E) & Nuts (G), tighten it up by using Allen Key (M).

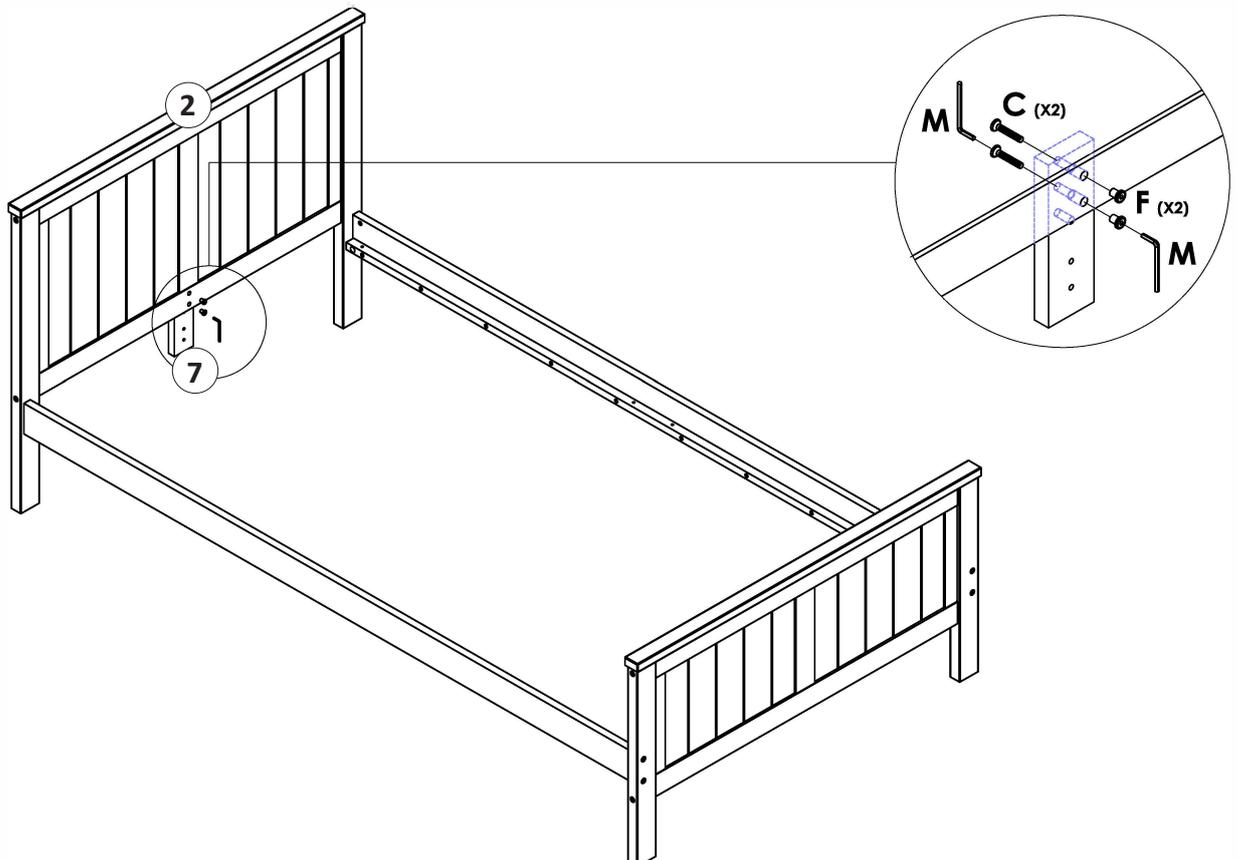

STEP 5

Attach **Side Rails to Headboard & Footboard** by using **Bolts (D)** and **Nuts (G)**, tighten it up by using an **Allen Key (M)**.

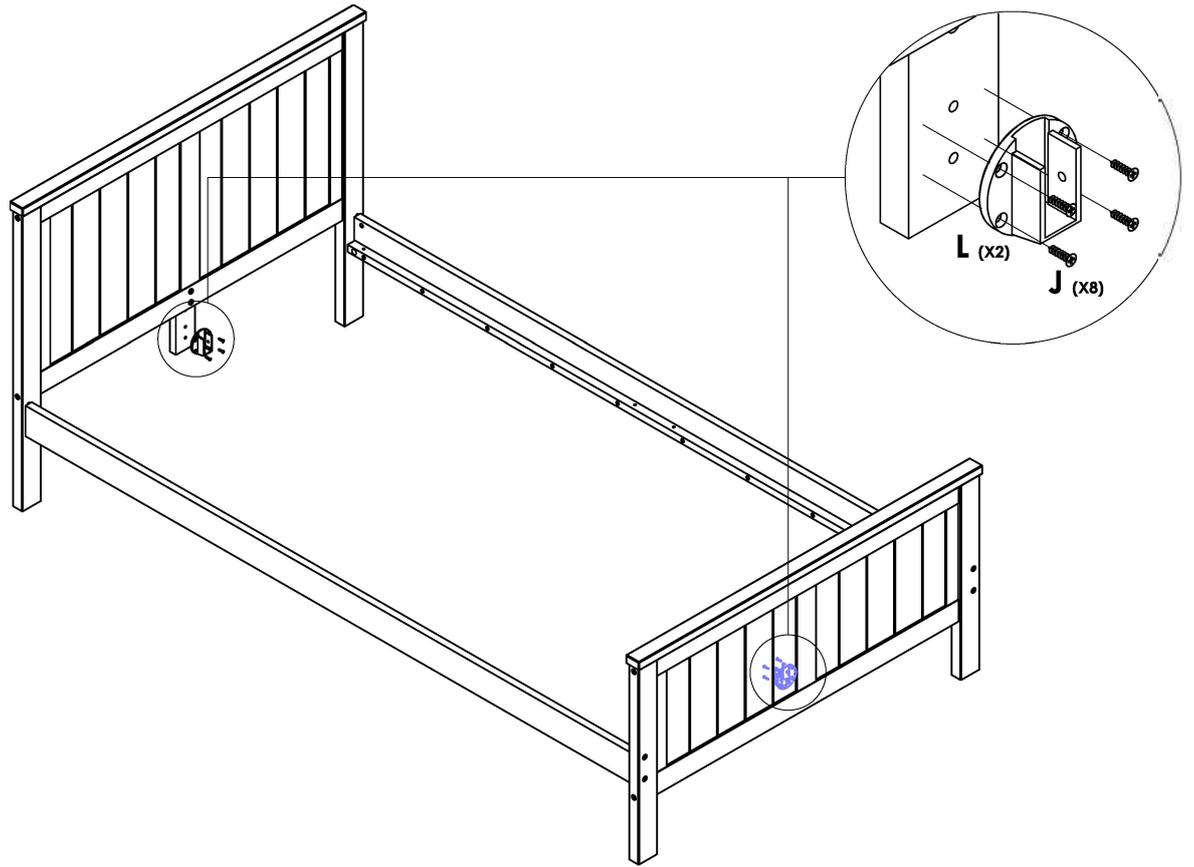

STEP 6

Attach and **Support Rail onto Headboard** by using **Bolts (C)** and **Nuts (F)**, tighten it up by using **Allen Key (M)**.

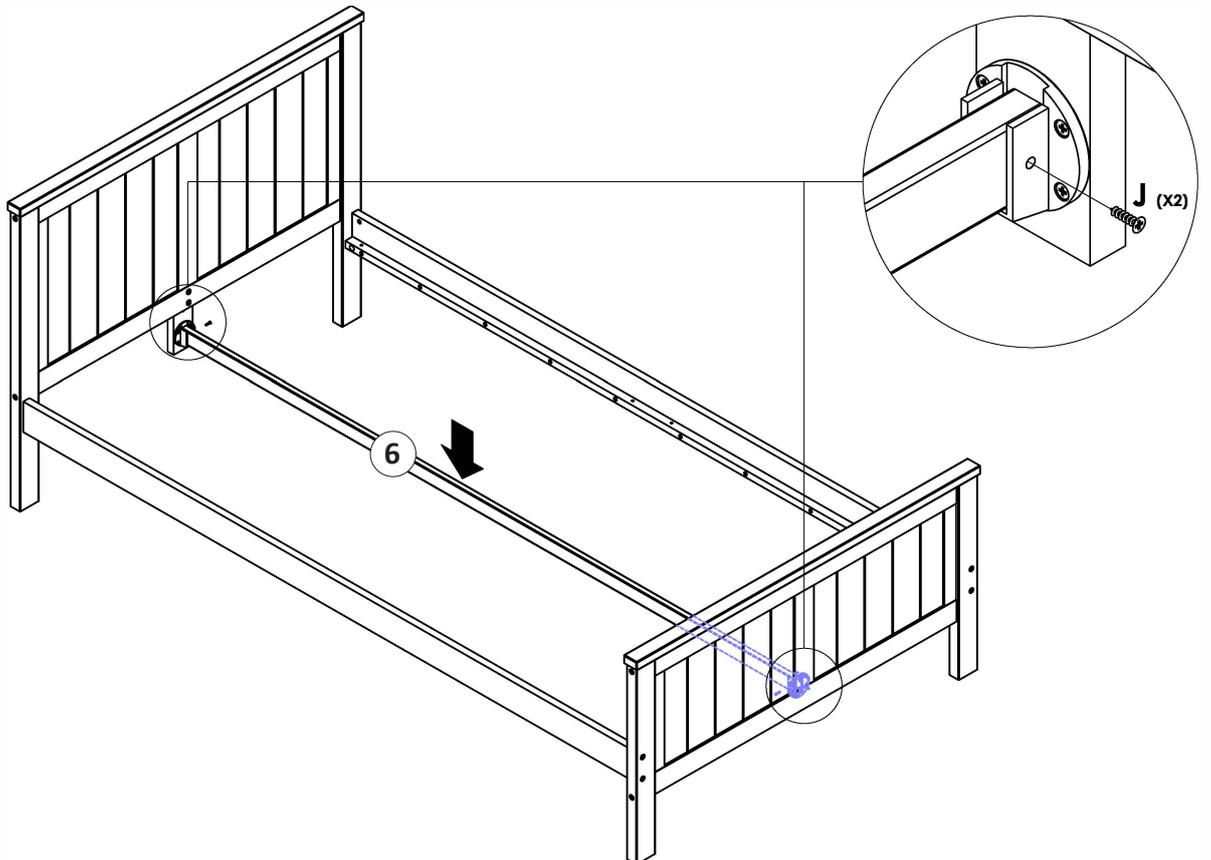

STEP 7

Attach and secure **Bracket (L)** onto **Support Rail** and **Footboard** by using **Screws (J)**, tighten it up by using a Crosshead Screw Driver.

STEP 8

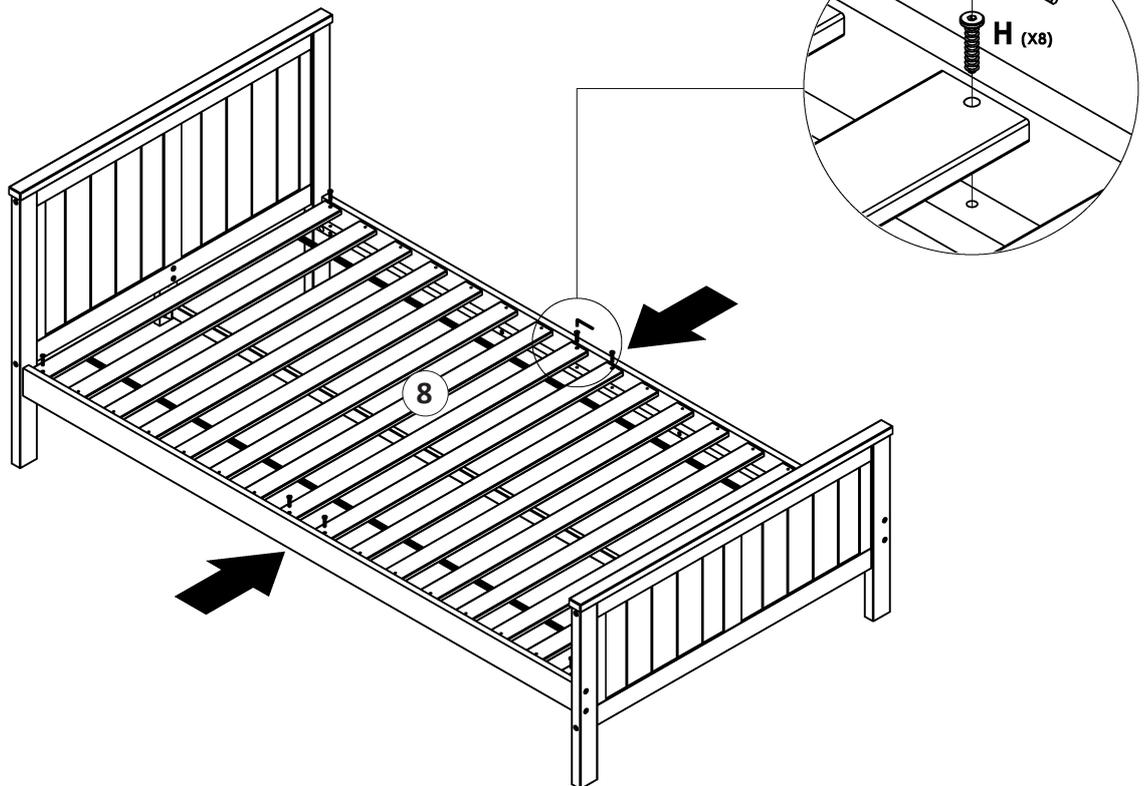

Attach and secure **Center Support** onto **Bracket (L)** by using **Screws (J)**, tighten it up by using a Crosshead Screw Driver.

STEP 9

Attach **Wooden Slats** onto **Side Rails** by using **Screws (H)**, tighten it up by using an **Allen Key (M)**.
Go on to complete the **Assembly**.

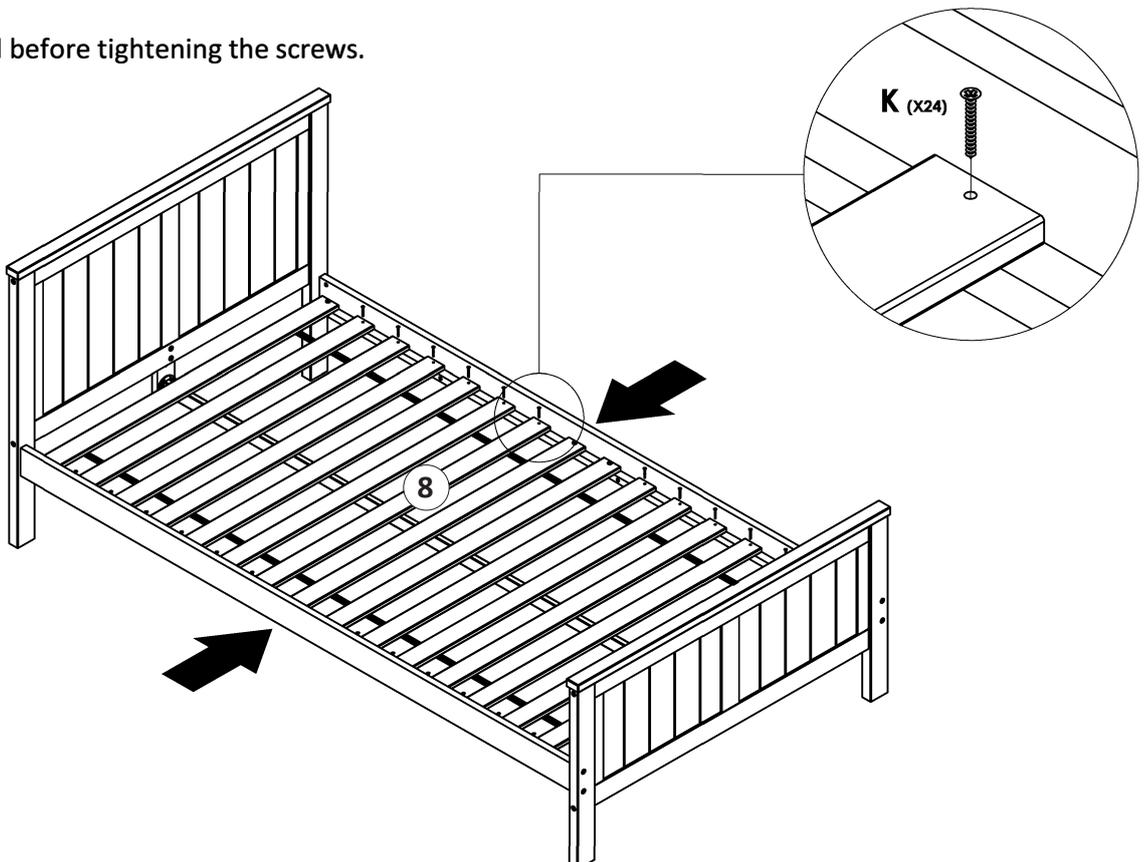

*Align both **Side Rails** before tightening the screws.

STEP 10

Using **Screws (K)** to secure all the **Wooden Slat** onto **Side Rail**, tighten it up by using a **Crosshead Screw Driver**.
Go on to complete the **Assembly**.

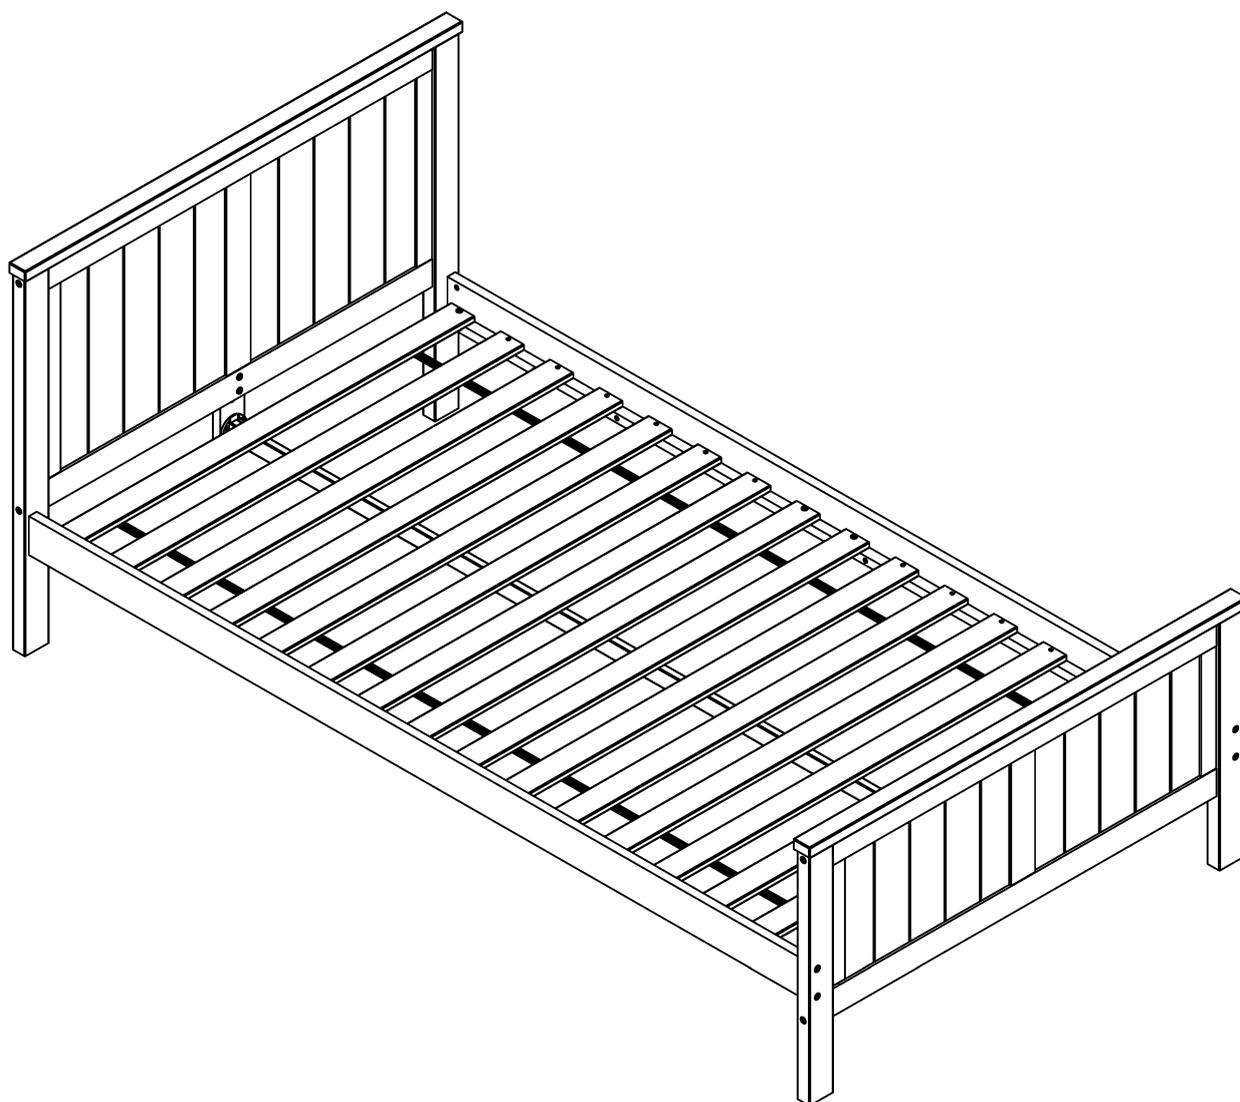

* Align both **Side Rail** before tightening the screws.

ASSEMBLY IS COMPLETE

CAUTION

ALWAYS LIFT YOUR BED WHEN MOVING/RELOCATING-DO NOT DRAG.
DRAGGING CAN CAUSE DAMAGE TO THE BED

IMPORTANT : PRODUCT CARE FOR TIMBER ITEMS

As our timber is supplied from sustainable forests there will be natural variations in surface texture and grain like knots, mineral streaks and sap runs that may affect the finish. These differences in character are not defects, but distinctions that make each piece of furniture unique.

Our furniture is built to last. Following these steps for basic care should protect your investment for years to come.

- Dust frequently with a clean damp lint-free cloth. This will help remove abrasive build up which can damage a finish over time.
- Do not place hot objects on any furniture surface. Always use a hot plate or placemat. Laminate and lacquer finishes on table tops provide added scratch and heat resistance to our furniture, but they can still be damaged without proper care.
- Avoid exposing your furniture to strong sunlight, heat outlet, open windows or dampness. Prolonged exposure to direct sunlight can fade the finish of your furniture, while extreme temperature and humidity changes can cause cracking or splitting.
- Do not expose your furniture to any liquids. Never allow water to sit on your furniture. Alcohol, nail polish and perfume are also dangerous as they will dissolve the lacquer finish on contact and may require professional repairs.
- Do not allow plastic to come in direct contact with your furniture. Chemicals in plastic of placemats etc. may soften and mark the finish if left in contact with the furniture for a period of time.
