PRE-ASSEMBLY PREPARATION

Before you start:

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product
2. Take care when lifting. Product should be assembled as near as possible to the point of use
3. Ensure that you have all required contents for complete assembly
4. Always read the assembly instructions carefully before beginning assembly.
5. Keep all hardware parts and packaging out of reach of small children.
6. Do not over tighten the screws and bolts as this may damage the threads

WARNING

Do Not allow children to play on this mechanised furniture or operate the mechanism. Leg rest folds down on closing so that a child could possibly be injured. Always leave in an upright and closed position. Keep hands and feet clear of mechanism. Only the occupant should operate it.

PARTS LIST

1	Left side facing arm power extension chair back
2	Left side facing arm power extension chair base
3	Storage Console with 2SS cupholders with Bluetooth music player
4	Armless chair back
5	Armless chair base
6	Corner
7	Armless power extension chair back
8	Armless power extension chair base
9	Right side facing arm storage chaise back
10	Right side facing arm storage chaise base

PARTS LIST

		DESCRIPTION	2	3	5	6	8	10
A		leg	8	4	4	4	6	5
B		washer	6	4	4	4	6	5
C		castor	2	N/A	N/A	N/A	2	N/A
D		bolt	8	N/A	N/A	N/A	8	N/A
E		transformer	N/A	1	N/A	N/A	N/A	N/A
F		transformer	1	N/A	N/A	N/A	1	N/A

STEP 1: Turn over parts 2,3,5,6,8 & 10 onto a blanket or carpet to ensure no damage is caused to the item. To attach the legs (A), use plastic washer (B) and place the leg into the centre pre-drilled hole and rotate until tightened securely. Attach castor (C) & bolts (D) and place into corner of power extension chairs. To assemble the back, attach (1) to base (2), attach (4) to base (5), attach (7) to base (8), attach (9) to base 10, by placing the bracket into sleeve and press down firmly into place.

STEP 2: Connect each seat from right to left as below.

STEP 3: Connect the transformers (E) & (F).

STEP 4:

Your sofa should now recline.

Refer to the below diagram on how to use the switch.

ELECTRIC RECLINER

IMPORTANT NOTE:

PLEASE ENSURE THAT ALL ELECTRICAL CORDS AND CABLES ARE CLEAR OF THE FRAME AND MECHANISM. FAILURE TO DO SO MAY SEVER YOUR POWER CORD RESULTING IN SERIOUS INJURY OR DEATH.

SAFETY NOTE

WARNING! AVOID POTENTIAL EQUIPMENT DAMAGE OR ELECTRIC SHOCK! DO NOT PLACE THE TRANSFORMER UNDER OR WITHIN THE RECLINER STRUCTURE.

DO NOT COVER THE TRANSFORMER. KEEP IT IN AN OPEN, WELL-VENTILATED AREA FREE FROM FOREIGN MATERIAL / DEBRIS TO ENSURE PROPER OPERATION.

ASSEMBLY IS COMPLETE

READ THESE INSTRUCTIONS THOROUGHLY BEFORE USE:

DANGER: TO REDUCE THE RISK OF ELECTRIC SHOCK:

Always unplug from electric outlet before cleaning.

WARNING: RISK OF INJURY

Keep children away from extended footrest and any moving parts.

CAUTION:

- Do not allow children to play on this electric recliner or operate the powered mechanism. The leg rest folds when closing and could possibly cause injury to a child. Always leave the recliner in an upright and closed position when not in use. Keep hands and feet clear of mechanism. Only the occupant should operate it.
- Do ensure fully enter the normal sitting position before using of the recliner. Improper sitting, such as sitting in the front of recliner may result in damage to both mechanism and motor drive bar.

POWER CORD SAFETY

WARNING: Unplug and remove power cord from wall when not in use and store out of reach of children.

Take care when moving recliner that wall and transformer cords are not under the base or they may get damaged.

- NEVER OPERATE ELECTRIC RECLINER IF IT HAS A DAMAGED CORD OR PLUG.

WARNING: TO REDUCE RISK OF BURNS, FIRE, ELECTRIC SHOCK OR PERSONAL INJURY TO PERSONS:

- Use only for its intended purpose
- Never press or activate control switch if you are not seated in recliner
- Only the occupant should activate the control switch
- Never operate with more than one person occupying seat
- Never sit or stand on the footrest

READ THESE INSTRUCTIONS THOROUGHLY BEFORE USE:

It is crucial to handle your reclining sofa with care. Following the intended usage guidelines will ensure safety and product longevity.

Recliners have a metal mechanism base, with moving parts to allow reclining functions. These components are flexible but can be easily bent or twisted if subjected to excessive weight, improper use, or excessive motion.

Safety

Moving parts; particularly reclining mechanisms can be dangerous if used incorrectly:

- ALWAYS supervise children when they are around or on reclining furniture. Prevent them from operating the mechanism or playing on the recliner.
- Only the occupant should operate the recliner. When not in use, ensure it is returned to the lounges closed position.
- When closing the recliner-
- Always check underneath the mechanism to ensure that the footrests are folded down properly.
- Avoid placing hands and feet near the mechanism.
- Be mindful of children and pets, and the possibility of trapping items like clothing or blankets in the mechanism.

It is recommended that the closing motion be closed slowly.

General Care

It is crucial to use recliners carefully and in accordance with their intended design to maintain their structural integrity. Misuse of the reclining mechanism can lead to bending or bowing. All Amart sofas have a weight capacity of 120kg per seat.

- Always ensure that footrests are fully closed before entering or exiting the seat. Using the seat with the footrest open can damage the structure and is not the intended usage.
- While reclined, the footrests are designed to support the weight of a single person's feet. Excessive weight, especially from pets and children, can overload the mechanism and cause twisting and bowing.
- Avoid leaning on the sides of the recliner at any time. Reclining seats are designed to be sat on in the middle as the centre of the cushion provides structural support. Leaning over the sides of the seat can twist the mechanism.
- Ensure that when you close the mechanism that equal weight is placed on the centre of the footrest panel. Do not close from the edges of the recliner's footrest. This causes stress on the mechanism and leads to a broken and bent mechanism. This is not a manufacturing fault but a result of improper use.

FABRIC CARE AND MAINTENANCE

REGULAR CARE:

- Protect from direct sunlight
- Vacuum regularly using low suction
- Rotate reversible cushions regularly
- Avoid exposure to new clothing, cushions or throws as this may lead to dye transfer and permanent staining

CLEANING:

- Do not remove cushion covers for separate cleaning even though they may have zippers
- Do not wash, Do not dry clean, Do not shampoo clean
- Clean only with hot water extraction machine. Professional cleaning recommended
- Do not use dishwashing liquid or laundry detergent. Use only upholstery detergents
- Do not wet filling
- Dry in shade away from direct heat and sunlight
- Allow to dry thoroughly before re-use

SPOT CLEANING:

- Do not rub
- Do not spot clean with any solvent
- Treat spills and stains as soon as possible
- Gently scrape off any soil or blot any liquid from the surface of the fabric before applying cleaner
- Apply proprietary cleaning agents strictly according to instructions to remove the residue of the spill
- Do not saturate the fabric or interior with water or other cleaning liquids

WARNING:

Apply only water-based soil resist (fabric protection) treatments. Do not use aerosol products

* PILLING IS NOT A FABRIC DEFECT OR FAULT AND IS NOT COVERED BY WARRANTY

* PILLING IS A NORMAL OCCURRENCE IN WOVEN FABRICS AND DOES NOT AFFECT THE DURABILITY OR FUNCTIONALITY OF THE FABRIC. IT IS EASILY REMOVED BY USE OF A BATTERY OPERATED DE-PILLING MACHINE AS THE NEED ARISES

General Product Care

To protect your furniture, we suggest the following:

- Avoid placing your furniture in direct sunlight.
- Do not place furniture directly under windows.
- Do not place sharp materials (knife, fork, etc.) directly onto your furniture as sharp material may scrape and damage the finish.
- Do not place material with high temperature directly onto the surface of your furniture.
- Clean up spills quickly. Water left over a prolonged period of time may cause damage. Alcohol, perfume, nail polishes, aftershave and some medication may cause severe finish damage if not cleaned immediately.
- Use a clean, soft, dry, lint free absorbent cloth to clean your furniture. Do not use any detergent as they may contain ingredients that may react and damage the finish.
