PRE-ASSEMBLY PREPARATION

Before you start:

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product.
2. Take care when lifting. Product should be assembled as near as possible to the point of use.
3. Ensure that you have all required contents for complete assembly.
4. Always read the assembly instructions carefully before beginning assembly.
5. Keep all hardware parts and packaging out of reach of small children.
6. Do not over tighten the screws and bolts as this may damage the threads.

	
ALLOW 30 MINUTES	PEOPLE REQUIRED
	
	
	ADDITIONAL TOOLS REQUIRED

14	Drawer Front Panel

A cam pin  M7×37mm 24×A	B cam lock  28×B	C dowel  M8×30mm 12×C	D screw  M3.5×14mm 12×D	E screw  M5×40mm 8×E	F screw  M4×14mm 4×F
G screw  M3×16mm 10×G	H foot pad  4×H	I allen key  1×I	J bolt  M6×25mm 4×J	K slide  4×K	L handle  2×L
M cam pin  M7×48mm 4×M	N wall fixing  M4×30mm M3.5×14mm 1×N				

CAM LOCK INSTALLATION

Step 1

Step 2

Step 3

Lock

Fix cam nut into the bottom of hole then tighten it.

STEP1: Fix slide (K) to panel (1&2) with screws (D).

STEP2: Fix cam pin (A) to panel (1&2).

STEP3: Attach panel (3&4&5) to panel (1) with cam lock (B).

STEP4: Attach panel (2) to the body with cam lock (B) and dowel (C).

STEP5: Fix cam pin (A) to panel (3).
Fix cam pin (M) to panel (1&2).

STEP6: Insert dowel (C) to panel (6&7).

STEP7: Attach leg to the body with cam lock (B).

STEP8: Fix foot pad (H) to legs.

STEP9: Locate panel (8) to the body as shown.

STEP10: Attach panel (8) to the body with screws (J).

STEP11: Attach panel (9) to the body with screws (G).

**STEP12: Attach panel (10&11) to panel (12) with screws (E).
Insert drawer base (13) to drawer body.**

**STEP13: Fix cam pin (A) to panel (14).
Fix cam pin (A) and handle (L) to panel (14).
Attach panel (14) to the body with cam lock (B).**

CAM-LOCK
Tighten until shoulder is flush with panel. Do not overtighten or undertighten (see example below)

STEP14: Fix slide (L) to drawer side panels.

STEP15: Lock slide (L) to drawer with screw (F).

ASSEMBLY IS COMPLETE

SAFETY BRACKETS INSTRUCTIONS

This furniture poses a tipping risk and as such must be secured to a wall using the provided tipping kit.

1. Attach one Mounting Plate to the wall with the Large Screws. Make sure to attach the Mounting Plate into a stud. If mounting into brick or masonry you will need to acquire wall anchors. Please enquire with your local hardware supplier for appropriate fixings.
2. Attach the second Mounting Plate to the furniture frame with the Short Screws.
3. Move the furniture to its final position. Thread a Wall Strap through the both Mounting Plates and tighten until snug. Do not over tighten.
4. Make sure that the Mounting Plates are firmly attached to the wall and furniture and that the Wall Strap is snug.

HARDWARE

Mounting Plate x 2

Wall Strap x 1

Large Screw x2

Small Screw x2

General Product Care

To protect your furniture, we suggest the following:

- Avoid placing your furniture in direct sunlight.
- Do not place furniture directly under windows.
- Do not place sharp materials (knife, fork, etc.) directly onto your furniture as sharp material may scrape and damage the finish.
- Do not place material with high temperature directly onto the surface of your furniture.
- Clean up spills quickly. Water left over a prolonged period of time may cause damage. Alcohol, perfume, nail polishes, aftershave and some medication may cause severe finish damage if not cleaned immediately.
- Use a clean, soft, dry, lint free absorbent cloth to clean your furniture. Do not use any detergent as they may contain ingredients that may react and damage the finish.

Product Care for Sintered Stone Items

Daily Cleaning

•
General Stain Removal: As the surface of sintered stone furniture is non - porous and non - absorbent, for daily cleaning, simply wiping with a soft, damp cloth can remove dust and light stains such as coffee stains and fruit juice stains. For more stubborn stains, a mild detergent can be used. However, avoid using cleaners that contain strong acids, strong alkalis, or abrasive components to prevent damage to the furniture surface.

•Preventing Water Stain Residue: After cleaning, wipe off the water in a timely manner to prevent water stain residue. Because long - term water stains may form water marks on the surface and affect the appearance.

Avoid Scratching and Collision

•
Careful Use: In daily use, avoid using sharp objects such as knives and keys to scratch on the furniture surface, as this may cause scratches. Although sintered stone is relatively wear - resistant, sharp objects can still damage its surface.

•Pay Attention to Moving: When moving furniture, handle it with care and avoid collision with other hard objects. If you need to move heavy sintered stone furniture, it's best to ask professionals for help to prevent accidental collisions during the moving process and damage to the furniture.

Prevent Chemical Corrosion

•
Avoid Contact with Acid - Base Substances: Sintered stone furniture should avoid contact with acidic or alkaline chemicals such as vinegar, lemon juice, and bleach. These substances may react chemically with the stone, causing the surface to discolor, corrode, or be damaged.

•Choose Cleaners Carefully: When choosing a cleaner, carefully check the product ingredients to ensure that it will not damage the sintered stone. If you're not sure whether a cleaner is suitable, you can first conduct a small - area test on an inconspicuous part of the furniture and observe whether there is any adverse reaction before using it.
