

ASSEMBLY INSTRUCTION
PORTOGRUARO
3 PIECE OUTDOOR BISTRO SETTING
ITEM CODE 88959

Imported by JWA Furniture Pty Ltd, Qld, Brisbane Australia.
For any assistance with assembly or for missing parts please refer to your receipt

PRE-ASSEMBLY PREPARATION

Before you start:

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product
2. Take care when lifting. Product should be assembled as near as possible to the point of use
3. Ensure that you have all required contents for complete assembly
4. Always read the assembly instructions carefully before beginning assembly.
5. Keep all hardware parts and packaging out of reach of small children.
6. Do not over tighten the screws and bolts as this may damage the threads

SINGLE CHAIR PARTS LIST

A  2*A	B  2*B	E  M6*15mm 8*C
F  8*F	G  1*G	

STEP 1:

X2

IMPORTANT NOTE:
BEFORE FINALLY TIGHTENING THE BOLTS, PLACE THE ASSEMBLED CHAIR UPRIGHT ON A LEVEL SURFACE AND SIT CAREFULLY ON THE CHAIR TO ENSURE THE CHAIR LEGS ARE ALIGNED AND LEVEL. THEN TIGHTEN ALL BOLTS AND YOUR CHAIR IS READY TO USE.

COFFEE TABLE PARTS LIST

C  1*C	D  4*D	E  M6*15mm 12*E
F  12*F	G  1*G	

STEP 1 :

IMPORTANT NOTE:
ALWAYS USE TWO PEOPLE WHEN TURNING THE TABLE OVER

ASSEMBLY IS COMPLETE

CAUTION:

ALWAYS LIFT YOUR PRODUCT WHEN MOVING/RELOCATING. DO NOT DRAG. DRAGGING CAN CAUSE DAMAGE TO THE LEGS

DO NOT

- **USE CHAIR/STOOL AS A LADDER**
- **CLIMB ON THE CHAIR/STOOL**
- **STAND ON THE FOOT REST OF THE CHAIR, AS THIS COULD LEAD TO THE STOOL BECOMING UNBALANCED AND OVERTURNING.**

CARE AND MAINTENANCE

To ensure the longevity and maintain the appearance of your steel outdoor furniture, please follow these care instructions:

1. Usage and Storage:

Galvanised steel is designed for short term outdoor use due to its protective zinc coating, but, like all man-made materials, it can suffer damage if left exposed to the elements. To extend its life, avoid prolonged exposure to weather conditions. Store the furniture indoors or under cover when not in use or use an outdoor cover (do not store on grass).

2. Avoid Excess Moisture:

DO NOT allow the furniture to remain wet or sit in standing water for long periods. Wipe the furniture dry immediately if it becomes wet. Excess moisture can compromise the protective coating and lead to rust formation.

3. Avoid exposure to chlorine & salt water:

Chlorine/salt can disrupt the protective zinc oxide layer on steel, leading to accelerated corrosion. Once the protective layer is compromised it more susceptible to rust. This is particularly problematic in environments with high chlorine concentrations, such as in swimming pools, homes within a short distance of the ocean or areas with heavy chlorination.

4. Cleaning:

Clean your furniture with care. Avoid using harsh solvents, abrasives, or chemicals. To remove dirt and grime, rinse with fresh water and dry thoroughly. For a deeper clean, use a sponge and a mild detergent solution as needed. Abrasive cleaners will scratch/damage the surface.

Live by the beach? Due to a process called “aerosolisation”, sea water is broken up into tiny droplets by the wind and waves and salt particles are released into the air. This process accelerates the corrosion of metal surfaces over time. It is essential to use furniture covers when the product is not in use and clean your product more frequently.

By following these simple steps, you will help keep your furniture in great condition and ensure it remains a beautiful and functional part of your outdoor space.

CARE AND MAINTENANCE

REGULAR CARE:

- Protect from direct sunlight
- Vacuum regularly using low suction
- Rotate reversible cushions regularly
- Avoid exposure to new clothing, cushions or throws as this may lead to dye transfer and permanent staining

CLEANING:

- Do not remove cushion covers for separate cleaning even though they may have zippers
- Do not wash, Do not dry clean, Do not shampoo clean
- Clean only with hot water extraction machine. Professional cleaning recommended
- Do not use dishwashing liquid or laundry detergent. Use only upholstery detergents
- Do not wet filling
- Dry in shade away from direct heat and sunlight
- Allow to dry thoroughly before re-use

SPOT CLEANING:

- Do not rub
- Do not spot clean with any solvent
- Treat spills and stains as soon as possible
- Gently scrape off any soil or blot any liquid from the surface of the fabric before applying cleaner
- Apply proprietary cleaning agents strictly according to instructions to remove the residue of the spill
- Do not saturate the fabric or interior with water or other cleaning liquids

WARNING:

Apply only water-based soil resist (fabric protection) treatments. Do not use aerosol products

* PILLING IS NOT A FABRIC DEFECT OR FAULT AND IS NOT COVERED BY WARRANTY

* PILLING IS A NORMAL OCCURRENCE IN WOVEN FABRICS AND DOES NOT AFFECT THE DURABILITY OR FUNCTIONALITY OF THE FABRIC. IT IS EASILY REMOVED BY USE OF A BATTERY OPERATED DE-PILLING MACHINE AS THE NEED ARISES

CARE AND MAINTENANCE

To keep your outdoor cushions looking their best and ensure they last, please follow these simple care instructions:

1.Sun Exposure:

Direct sunlight can cause rapid fading of the fabric. For best results, avoid exposing the cushions to direct sunlight.

2.Weather Protection: To prolong the life of your cushions, do not leave them permanently exposed to weather conditions. Leaving cushions exposed puts the product at risk of mould and mildew growth. Store them indoors or under cover when not in use.

3.Cleaning: Spot clean using a mild detergent and a damp cloth. After cleaning, dry the cushions by laying them flat in a shaded area to prevent any potential damage.

4.Handling:

- 2.Do not unzip the cushion covers.
- 3.Do not remove the cushions from their covers.
- 4.Do not put in the washing machine.
- 5.Do not tumble dry.
- 5.Do not bleach.
- 6.Do not dry clean.

By following these simple steps, you will help keep your furniture in great condition and ensure it remains a beautiful and functional part of your outdoor space.
